Matching Buyers and Sellers of Digital Signage

For more than a decade, the Digital Signage Resource Directory, published by NewBay Media's Digital Signage magazine, has been the definitive resource for the vibrant digital signage industry. With this digital version available all year round and a print version published near the end of each year, the Digital Signage Resource Directory is accessible wherever you need it.

Bookmark this page for the fastest, most relevant search of resources for the digital signage directory. To get started, click on the "Directory" tab above — or just jump in to the Directory column at the right side of this page.

ADDING YOUR COMPANY TO THE DIRECTORY

If you are seeking to increase your customer base, look no further. Simply add your listing to the online version of the Digital Signage Resource Directory, and buyers will find you. There are two ways to get listed and maximize your potential for being seen:

Online Subscription Option 1: Free Standard Listings

Our standard option gets your company listed in multiple categories with basic information —company name, address, phone number and website.

Online Subscription Option 2: Enhanced Listings

For $500/year you can upgrade the Standard Subscription Listings to Enhanced Listings, which will include the company logo, name, address, phone number and individual hyperlinked info page, in addition to a company description.

Here is a sample of the way an Enhanced Listing looks on a "Category Page":

For either option, first click the Register link on top of this page and then add your listing(s). Payment can be made through our secure form. If you need to modify an existing listing, click on the Login link on the top the page.

If you have any questions about our listing options, contact Debbie Rosenthal at: 212-378-0473, drosenthal@nbmedia.com .

APPEARING IN THE PRINT DIRECTORY

An Enhanced Listing in the online directory does not include an Enhanced Listing in the year-end print version of the Digital Signage Resource Directory. There are several packages available for the print version, including Display Ad/Enhanced Listing, Enhanced Listing Only and Product Spotlights. (Note: Purchasing an Enhanced Listing in the print version does include an Enhanced Listing online.)

For more information on the marketing packages available for the print version of the Digital Signage Resource Directory, contact Debbie Rosenthal at: 212-378-0473, drosenthal@nbmedia.com .
